SWIFT BLUE-DROP

Swift Blue-Drop

Flush-Activated WC Cleaner

One tablet in the cistern releases cleaner with every flush - fighting hard-water stains, lifting limescale and leaving a lasting fresh scent for up to 30 days.

HOW TO USE

1. Lift the cistern lid and take the tablet from its wrapper.
2. Drop one tablet into the tank, clear of the inlet and float.
3. Replace the lid. The tablet dissolves gradually with each flush.

KEY BENEFITS

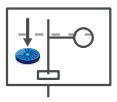

- ✓ Cleans with every flush
- ✓ Fights germs and odour
- ✓ Prevents limescale and stains
- ✓ Up to 30 days per tablet
- ✓ Long-lasting fresh scent

IDEAL FOR

Homes - Hotels - Restaurants
Schools - Hospitals - Offices
Public and staff washrooms

CAUTION

- Keep out of reach of children.
- Do not ingest. Not a toilet freshener for handling.
- Avoid contact with skin and eyes. Wash hands after use.
- Store in a cool, dry place away from direct sunlight.

Where it goes

Keep the tablet clear of the inlet and the float ball so it cannot block either.

COMPOSITION

Anionic surfactants, dissolution modifiers, anti-redeposition agents, colourant, perfume.

STORAGE

Store upright in a cool, dry place. Keep the wrapper sealed until use.
