FLUSH-ACTIVATED WC CLEANER - 4 x 50 g

3 Runs blue

Take one block from its wrapper.

Lift the lid and drop it into the tank, clear of the inlet and the float.

Replace the lid. Every flush cleans, for up to 30 days.

CAUTION

- Keep out of reach of children. Do not ingest.
- Avoid contact with skin and eyes; wash hands after use.
- Not for handling. Use only as directed.

COMPOSITION

Anionic surfactants, dissolution modifiers, anti-redeposition agents, colourant, perfume.

STORAGE

Upright, cool and dry. Keep the wrapper sealed until use.

RECYCLE CARTON

4 x 50 g

NET 200 g

Panels are shown at one scale so proportions can be compared directly. Fold lines fall on the frame edges.

EURO HANG TAB

62 x 26 mm

A straight extension of the back panel with no crease at its base. Creasing it there is what makes hang tabs tear off. That choice pushes both tuck ends onto the front panel, which is why this is a straight tuck end rather than a reverse tuck. The euro slot leaves 7.8 mm of headroom; under about 6 mm a peg hole tears out of the board.

TOP TUCK FLAP

105 x 45 mm

Every flap carries the mark. A tuck is the first face anyone sees opening a case and the dust flaps show when a carton sits half open on shelf, so leaving them plain wasted four printed surfaces.

SCENT VENTS

5 per side panel

The product is bought on smell and a sealed carton releases none of it. Five droplet cut-outs per side panel let the scent out - droplets rather than drilled holes, so the die feature doubles as a brand mark. They sit in a band kept clear of copy: a vertical column down a 48 mm panel runs straight through the text. Knocked out white in the artwork so proofs read as holes; the die removes them in any case.

Flat blank 321 x 245 mm plus 3 mm bleed

SWIFT BLUE-DROP - 4 x 50 g CARTON - DIELINE

Style: straight tuck end, euro hang tab
Carton: 105 W x 48 D x 155 H mm

CUT
CREASE / FOLD

STRUCTURE

Style	Straight tuck end (STE) with euro hang tab
Carton	105 W x 48 D x 155 H mm
Flat blank	321 x 245 mm
Bleed	3 mm all round
Safe area	5 mm inside every cut and crease
Glue tab	15 mm, unprinted and varnish-free
Hang tab	62 x 26 mm, euro slot, 7.8 mm headroom
Vents	5 droplet cut-outs per side panel
Outer	12-count RSC, 319 x 196 x 160 mm

COLOUR

Ground	C100 M85 Y10 K15	Water	C85 M40 Y0 K0	Accent	C0 M12 Y100 K0	Signal	C0 M95 Y90 K0

Mixes are hand-specified, not machine-converted from RGB: a naive conversion of the navy prints muddy. Total ink stays under 300%. Soft-proof against the press profile before plates.

TYPOGRAPHY

Swift Blue-Drop — Display

Swift Blue-Drop — Headings

Swift Blue-Drop — Body

Outfit and Plus Jakarta Sans, both SIL Open Font License 1.1, so they may be embedded in commercial packaging without a foundry licence. Arial and Segoe UI were avoided: Microsoft-licensed and murkier on client artwork.

ARTWORK

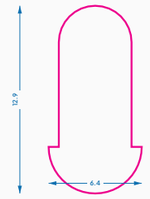

Type	Live text, embedded subsets - not outlined
Scene	One composed photograph, 300 dpi
Product	Photographic, from the client card
Illustration	Flat vector, one stroke weight
Logos	Swift and Vistex, placed from brand assets

BEFORE PLATES

- Replace the product shot: the blocks are ~160 dpi at pack size, lifted from the client card.
- Barcode: removed on request. Most retailers require an EAN-13; confirm before launch.
- Regulatory copy is drafted, not legally reviewed.
- Carton and case dimensions are sensible retail sizes, not measured dies. Confirm with the converter.

NOTES

1. All dimensions in millimetres.
2. Do not scale from drawing.
3. Bleed 3 mm beyond cut, all outer edges.
4. Live copy 5 mm inside every cut and crease.
5. Glue tab unprinted and varnish-free.
6. Slot and vents are cut features, not print.
7. Board and grain to converter's recommendation.
8. Design intent, not a measured die. Confirm before tooling.
