NOTES

1. Artwork shown at 1:1. All dimensions in millimetres. Do not scale from drawing.
2. Bleed 3 mm beyond cut on every outer edge.
3. Live copy kept 5 mm inside every cut and crease; enforced in the build, not drawn.
4. Euro slot and scent vents are CUT features. They are knocked out white in the artwork so that proofs read as holes; the die removes them in any case.
5. Glue tab carries no print and no varnish.
6. Hang tab has no crease at its base - it is continuous with the back panel.
7. Carton dimensions are design intent, not a measured die. Confirm before tooling.
